EXPERIENCE

Frontend Developer & Data Entry Intern June 2026 – August 2026

Big Berry Pharma Pvt. Ltd.

Internship

- Redesigned and refined key interface components, improving the overall UI/UX and making user interaction faster and more intuitive.
- Built and maintained responsive frontend layouts, ensuring consistent behaviour across desktop and mobile screen sizes.
- Handled structured data entry and validation for company records, maintaining a high standard of accuracy across large datasets.
- Collaborated with the internal team to translate requirements into working interface changes within a two-month delivery window.

PROJECTS

Civil Resolve | [Live Demo](#) React, Node.js, MongoDB

- Built an AI-themed civic complaint platform that lets citizens submit, track and route public issues through a single dashboard.
- Implemented complaint routing and status tracking so users get a transparent view of progress from submission to resolution.
- Designed a secure, role-aware dashboard layout focused on clarity and quick scanning of active complaints.

YourTee — E-Commerce Platform | [Live Demo](#) | [GitHub](#) React, TypeScript

- Developed a modern fashion e-commerce experience with reusable components, dynamic routing and an interactive lookbook section.
- Built a fully responsive UI with type-safe components in TypeScript, reducing runtime errors and easing future extension.
- Deployed to Vercel with an optimised build for fast load times across devices.
